Welcome To My World

Dear reader, the aim of this portfolio is to give you an insight of my work and a summary of who I am.

This portfolio includes:

- my persona
- my educational background
- my skillset
- my work experience
- my projects & visions

Lara Nikolic

About Me

I'm a 22 year-old dancer trained in urban dance styles and located in Berlin, Germany.

Within those 10 years of dance experience, I've grown to be a choreographer and dive deeper into creative direction.

Alongside my passion for dance, I've tapped into other art forms. Those include music, poetry & songwriting and performing arts. Through combining arts I've unlocked my full creative potential, which is the basis of my projects.

In addition, I'm a social worker working with kids and youths from age 13 to 18. Besides the day-to-day work at the youth center, I've constantly been teaching and leading my kids to the best of my ability. My work strongly represents my beliefs and values as a person, having a huge impact on my way of being a dance teacher and on me as a person.

BACKGROUND

Educational

Further Education

I aim to continuously visit various workshops and training courses in order to enhance my social skills and coaching abilities, my music knowledge and arts insights and overall expand my networks and creative capacity.

Dance Education

I've been part of a dance school for over 10 years now. During that time period I've gained important knowledge on dance institutions and been taught the fundamentals of Urban dance styles.

Alice Salomon University

My studies in Social Work have helped me to develop important skills in communication, conflict management and group leadership. I have an understanding of social culture work as well as project development and -management.

Dance Teaching

I already have experience in teaching regularly at youth centers and in giving workshops. One of my long-term goals is leading a closed group focused on dance technique, dance knowledge and performances. Because of my profession as a social worker, I have a different approach on being a dance teacher.

I am ready for every opportunity to teach and share my love for dance.

Skillset

**Further information available on request.*

1:1 Artist Coaching

Individual coaching is the project I want to focus on in the near future.

The target group are young hip-hop music artists. The concept is similar to a mentorship. Additionally and as a social worker, I'll provide the possibility to dive deeper into personal struggles and backgrounds in order to develop a solid creative identity.

Dance & Choreography

I'm a dancer & choreographer trained in Urban Styles, Hip Hop and Commercial.

As a choreographer I can provide choreography at:

- shows & performances
- dance-based events
- workshops

DANCE & CHOREOGRAPHY are so far my most advanced skills.

My service includes:

- basics of musicality, songwriting, vocal coaching and music production
- assistance in the creative process
- style and brand development (USP)
- target plans
- strategy
- networking
- mindset and mental support

THANK YOU SO MUCH!

Thank you for showing interest in me and my work.

I'd love to connect,
collaborate and create.

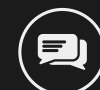

FOR IT ARE NEW CREATIONS AND IDEAS THAT MAKE THE FUTURE.
