Originally from Austria, I was raised in a traditional household. With 21, I decided to put it all on the line. I moved to Berlin, continuing my studies, my work and my training. It was hard, but not impossible. I've decided to professionalise what I've already been doing - teaching dance, choreographing and passing on my knowledge on dance and music.

My passion for what I do, my goal-driven nature and my desire to grow are what make me who I am. It is the ability to see the invisible and my creativity that set me apart.
